<b>Additional Considerations</b>	<ul style="list-style-type: none"> <li>• Failure to meet the annual training requirement can result in the LEA/charter being put on programmatic hold the following year.</li> <li>• Administrators are welcome to attend days 2-4 of New Officer or New CSW Training with their SRO, JPOs, and CSWs if seats are available.</li> <li>• <b>Site Administrator:</b> This is the school principal or a designee (assistant principal, dean of students, etc.), <b>whomever works most directly with the SSP-funded position (school resource officer, juvenile probation officer, school social worker, school counselor) and is primarily responsible for the implementation of the program.</b></li> </ul>	

	<ul style="list-style-type: none"> <li>○ If a principal appoints a designee (assistant principal, dean of students, etc.) as the site administrator to oversee the School Safety Program, <u>both the principal and the designee must attend Leadership 100</u>. Thereafter, the designee can attend SSP Advanced University Course on behalf of the principal. If there is turnover in either position, the continuing administrator must ensure that the current year's training requirement is met. The new administrator must attend Leadership 100.</li> <li>● If you are a returning officer and have not attended a New Officer Training since 2020, we recommend that you attend the New Officer Training as the training content has changed substantially.</li> <li>● <b>Please note</b> that you will no longer be compensated to complete the SSO Asynchronous Training. You may still choose to take the training on your own time if you wish to begin working as an SSO.</li> </ul>
<b>Optional Professional Development</b>	Electives will be available throughout all program years to all participants to support professional development
