

Title IV-A Safe and Healthy Students (SHS) Federal Funding Guide

The Title IV-A Safe & Healthy Students Program, provides support to schools and LEAs so that every student can experience a safe, healthy, and supportive learning environment, including focusing on students' physical health and safety. A safe, healthy, and supportive school environment is the product of a school's attention to fostering safety; promoting a supportive academic, disciplinary, and physical environment; and encouraging and maintaining respectful, trusting, and caring relationships throughout the school community, focusing on the fostering of favorable conditions, climate, and culture, including family and community engagement.

*With any federal funding program LEAs must adhere to all federal funding regulations and State Education Agency (SEA) guidance, including **Supplement not Supplant** which is impacted by state and local laws. It is also important to note that all funding needs must be **identified as a priority need** in the Local Education Agency's (LEA) Comprehensive Needs Assessment

The Title IV-A Safe and Healthy Students (SHS) Program supports:

- **Promoting family and parent involvement in schools**
- **Implementing programs that support a healthy, active lifestyle (nutrition, health, and physical education)**
- **Promoting and implementing school health services (School Nursing)**
- **Providing counseling, psychological, and social services**
- **Physical environment**
- **Employee wellness**
- **Establishing community partnerships**
- **Establishing or improving drop-out prevention**
- **School safety/security programs** - * Please note, all Arizona Title IV-A funded safety/security programs must adhere to the [Title IV-A School Security Request Memo](#)
