Relevant AzEDS Portal Reports for Troubleshooting:

- SPED72
- SPED10

Troubleshooting:

- Review requirements for reporting DD need.
  - Verify student is less than 10 years old.
  - Review the Concurrent Need Eligibility Matrix found on AzEDS SPED Reporting page.
- Review the SPED72 report to see the data used to process integrity.
  - Verify that DD is reported as the Primary Need.
  - Verify that a single Primary Need exists for the date range that DD is reported.
  - Check the start and end dates for all reported need(s) and LRE(s).
- Verify that the information in your student information system (SIS) is correct.
  - Make corrections to DD, Primary Need, and dates as needed.
  - After syncing to AzEDS, review the SPED10 report to view incoming data.
  - Check INTEG15 and/or SPED72 report for updates to integrity the following day.
