SAP and ICC Stakeholder Involvement

- **The primary purpose of the stakeholder input is to give stakeholders at the State level an opportunity to provide OSEP with input relating to the effectiveness of the State's general supervision systems.**
- **Additionally, OSEP may solicit additional information from State stakeholders pertaining to any area identified by OSEP for a focused monitoring activity.**
- **The focus of the stakeholder input process is to assist OSEP in identifying States' system-wide issues rather than child-specific issues.**
- **In addition to the SAPs/ICCs, OSEP will be gathering stakeholder input from State Protection and Advocacy systems and Parent Training and Information (PTI) centers, including focus groups of parents of children with disabilities.**
