Federal Perkins 2024

- Final revisions must be through ADE Director approval by September 30th.
- Grants on Programmatic Hold – Past due:
 - Final narratives for 6 goal areas
 - Evaluation/Accountability
 - Career Exploration/Career Development
 - Professional Development
 - Skill Development
 - Academic Integration
 - Increasing Student Achievement
 - Final narratives for Performance Measure Improvement Plan (Question 8)
- Implications of Programmatic Hold – reimbursement requests and completion reports are not accepted for your Perkins grant until documents submitted.

Federal Perkins 2024

- A budget line can be overspent by 10% or \$1,000, whichever is less
- Budget cannot go over the total budget allocation.
- For example: 6500 – travels budget is approved for \$3525.00. The summer conference travel actually cost \$3,700. A revision would not be required prior to the completion report since under 10% of the budgeted line but other lines would need to be underspent on the completion report to account this line being overspent.
- Funds can be drawn down with completion report.

2024-2025 CTSO Annual Submission Form Walkthrough

Frequently Asked Questions

What is this form?

This form serves as a central submission place for all chapter documents. This is an **annual** submission, not just when CTE programs are being monitored; thus called the **Annual Chapter Submission Form**.

Why do we have to submit every year?

In order to be approved and remain in good standing through the State and National CTSO, these documents must be submitted annually. Additionally, if the chapter or district misplaces their files, we have recent uploads for each of the documents, ultimately helping YOU as an advisor.

Frequently Asked Questions

How long is this form?

This form includes 9 submission elements. If you cannot complete it in one sitting, there is a “Save and Continue” button at each step of the form!

Who has to submit to this form?

All chapter advisors must submit this form for each CTSO they advise or serve as a co-advisor. However, co-advisors from one school and one program can be on one submission.

Please note, FFA submits through their National Site not Jotform.

Welcome to AZ Career and Technical Education

Our Vision: Every Arizona student has a developed career pathway.
Our Mission: Career and Technical Education will engage Arizona learners in relevant experiences leading to purposeful and economically viable careers.

Career and Technical Education is part of a well-rounded education and, as such, CTE programs are eligible to access Title IV funds.

ARIZONA DEPARTMENT OF EDUCATION
Arizona's Career and Technical Education Programs

Career and Technical Education (CTE) provides students with the academic and technical skills, the knowledge, and the hands-on training necessary to succeed in future careers and to become lifelong learners. Each year in Arizona, more than 150,000 high school students enroll in a CTE course at over 300 public and charter high schools within over 100 smaller districts and 14 Career and Technical Education Districts (CTEDs). More than 100,000 enroll in Arizona's community colleges. This program offerings map illustrates the extensive breadth of secondary-level CTE program offerings in the state.

Career and Technical Student Organizations - CTSOs

WELCOME

Currently, there are over 55,000 students participating in Career and Technical Student Organizations (CTSOs). These dynamic organizations develop academic success through applied academics, promotion of choice, and identification of career options while fostering interpersonal skills in teamwork, communications, human relations, and social interactions. CTSOs encourage excellence in scholarship, build character, promote citizenship, volunteerism, and patriotism, endorse cooperation and cooperative attitudes among all people and provide opportunities for state, national and international travel through internships, camps and leadership conferences. The six Arizona CTSOs are DECA, FBLA, FCCLA, FFA, HOSA, and SkillsUSA.

Program of Work or Leadership

The Program of Work (PoW) template for FBLA, FCCLA, HOSA, and SkillsUSA is the only PoW format that will be accepted starting this year

- If you do not have the template, it is linked to the blue “Program of Work” text
- Programs of Work must include the activities that are submitted for the 7b Quality Indicators as well as chapter meetings
 - Your PoW should be a **tool** for you and your chapter!
 - A good PoW comes with at least three to five S.M.A.R.T. goals!

The screenshot shows a web form with five sections, each for a different organization: DECA, FBLA, FCCLA, HOSA, and SkillsUSA. Each section has a title, a horizontal line, and a paragraph of instructions. The SkillsUSA section includes a file upload area with a dashed border, a cloud icon, and the text 'Browse Files' and 'Drag and drop files here'. At the bottom of the form are three buttons: 'Back', 'Save', and 'Next'.

Program of Work and Leadership

Instead of the Program of Work, DECA requires a Program of Leadership

The image displays three sample 'Program of Work' forms for different organizations: FCCLA Arizona, SkillUSA, and hosa. Each form is structured as follows:

- Header:** Organization logo and 'Program of Work' title.
- Goals for our chapter are:** A section for defining goals, with a note: 'Please plan to meet goals and/or chapter activities, assignments, and/or national participation. Include leadership goals and how the money will be used. Identify who/what is/are/they/it.' Below this is a large empty box for writing.
- Plans for achieving chapter goals:** A section for planning, with a note: 'Please plan on all of the resources, leaders & follow up.' Below this is a large empty box for writing.
- Evaluation:** A section for evaluation, with a note: 'Please check on how accomplishments of the members.' Below this is a large empty box for writing.
- Signatures:** Lines for 'Advisor's Signature' and 'Date', and 'President's Signature' and 'Date'.
- Footer:** 'Program of Work Page 11'.

The three forms are color-coded: FCCLA Arizona (red), SkillUSA (orange), and hosa (blue). Each form includes a calendar grid for the year, with months highlighted in the respective color.

7 Invoicing Information

Invoicing information is important so State Advisors have a secondary database if there are discrepancies within other invoicing information

- School mailing/billing address
 - District office, PO box, or your school address
 - Please double check this information for accuracy
- If you have a point of contact for invoicing and billing, please add them on this section of the form

Invoicing Information

Below, list any email addresses other than the registering chapter adviser/advisor that should receive invoices for your chapter (district and/or school business office, bookstore, CTE administrative assistant, etc.). This information is optional - invoices will automatically go to the registering/primary chapter adviser/advisor, who will always hold ultimate responsibility for the timely and full payment of all invoices.

Statement of Assurance

The statement of assurance for each CTSO provides a clear understanding of the expectations for the Conference Liability & Release Form

- The Conference Liability & Release Form can be accessed on each of the respective CTSO's websites or via the blue link in the statement of assurance

FBLA - Statement of Assurance

Each CTE program must complete the FBLA Arizona Statement of Assurance. This is only completed once per school year and verifies that each student for every conference/event (including regional, state and national events) will have completed the Comprehensive Consent Form.

Chapter advisers must keep the Comprehensive Consent Forms for all their students in their possession for the duration of the conference/event, including travel to and from these conferences/events. FBLA Arizona will not collect the Comprehensive Consent Forms prior to or at conferences/events.

This requirement applies to any conference, event, activity, workshop, seminar, meeting or other function sponsored or hosted by FBLA Arizona.

This Annual CTSO Compliance Form should be completed PRIOR to attending any of the above functions.

The Comprehensive Consent Form can be found by [Clicking Here](#).

7b Submission FAQ

Who needs to submit 7b summaries?

Any chapter can submit this section if they want to display that they have a quality chapter. Schools who are being monitored in the current school year should submit 7b Quality Areas.

How long are Quality Points valid?

Quality points only count towards the year they are submitted. 7b submissions are **optional** and give points towards your chapter's overall monitoring score.

What is accepted evidence?

Accepted evidence varies; however, programs of work and conference flyers are not accepted evidence due to the fact that participation cannot be verified with this evidence.

9 CTE Program 7b

7b Submissions evaluate the quality of activities a chapter participates in

- Each CTSO has their own requirements for chapter awards
- Upload and verification of a chapter award for the previous year satisfies the 7b requirements and awards quality points

Quality 7B - CTE Program

Satisfies quality Indicator 7B

Did the Chapter receive a chapter award from the state CTSO the previous year ie. bronze, silver, gold, platinum, diamond.

9 CTE Program 7b

7b Submissions evaluate the quality of activities a chapter participates in

- If a chapter award was not received, advisors have the opportunity to manually apply and upload documents for each of the four quality measures
- Submission of activity summaries does not guarantee quality status

To receive 7B Quality Indicator, input what the chapter has done in the listed areas. Completion of this section is optional but will qualify the CTE program as having achieved quality status in regard to CTSOs with the Arizona Department of Education. *(Any local activities must be open to all CTSO members and must be approved through the state CTSO advisor)*
