Welcome to today's webinar!

This training was developed by the Arizona Department of Education (ADE) Health and Nutrition Services Division (HNS). This training is intended for School Food Authorities (SFAs) who collect household applications. The information in this training is subject to change. Attendees are encouraged to access professional development materials directly from the training library to prevent the use of outdated content.

Disclaimer

SFAs with all sites on an active Provision 2/3 non-base year or Community Eligibility Provision cycle are prohibited from collecting school meal applications and do not conduct verification activities. This training does not apply to these operators.

** These operators must still submit the Verification Summary Report*

Intended Audience

VERIFICATION REVIEW

SECTION 1

Introduction to Verification

What is Verification?

Verification is the process of **confirming free and reduced-price** meal eligibility. Verification is only required when eligibility is determined through the **household application** process, not through direct certification (DC).

Verification provides a system of checks and balances for the NSLP to support the accuracy of self-reported data from the households.

- If the documentation provided matches the household application, it supports that self-reported data and ensures free and reduced-price meals are provided only to eligible children.

The image shows a sample of the 2023-2024 Application for Free and Reduced-Price School Meals form. It is a multi-step document with sections for household information, income reporting, and contact details. The form includes fields for child names, birth dates, school names, and household income. It also has checkboxes for various assistance programs and a section for the parent/guardian's signature and date.

Household Applications are approved at face value

USDA requires a small percentage of applications to be verified

Documentation is requested from the selected households to verify that the information on the application is accurately reported

Verification Phases

THE FOUR PHASES

There are four phases of verification. These phases are:

- Phase 1: Prepare
- Phase 2: Calculate and Select
- Phase 3: Verify
- Phase 4: Report

PHASE 1: PREPARE

In this phase, organize all approved applications.

PHASE 2: CALCULATE AND SELECT

In this phase, determine how many applications will be verified and select the applications using an appropriate sampling method.

PHASE 3: VERIFY

In this phase, conduct direct verification on the selected applications in CNP Direct Verification, and contact the households that were not directly verified.

PHASE 4: REPORT

In this phase, log into ADEConnect to submit the Verification Summary Report (VSR) in CNP Verification Reporting.

Verification Best Practices Calendar

Follow along with the verification process and stay on track with every task and deadline with ADE's [Verification Best Practices Calendar!](#)

This calendar outlines action items and resources available for each phase of verification.

BEST PRACTICE: CONDUCT DIRECT CERTIFICATION

It is best practice to conduct DC prior to counting the number of applications on file.

- A household application will not be subject to verification if a student is a match in DC. These applications would be removed prior to determining the verification sample size.
- Update your Benefit Issuance Document (BID) after new matches in DC have been identified to reflect the most up-to-date information.

The screenshot shows the 'CNP Direct Certification & Direct Verification' web application. The page is divided into two main sections: 'Direct Certification' (blue background) and 'Direct Verification' (yellow background). The 'Direct Certification' section includes a definition, requirements for SFAs, and a list of timing options. The 'Direct Verification' section is marked as 'Available October 1st' and includes a detailed explanation of the process. Both sections have a 'Proceed to [Action] >>>' button. A large purple arrow points to the 'Proceed to Direct Certification >>>' button. The footer contains copyright information and social media links.

Direct Certification

Direct Certification means determining which children are eligible for free meal benefits based on documentation obtained directly from the appropriate State or local agency.

All Child Nutrition Program School Food Authorities (SFAs)* are required to run a Direct Certification report at least three times per school year using CNP Direct Certification:

- At or around the beginning of the school year (July 1)
- three months after the initial effort, and
- six months after the initial effort

No application is necessary if eligibility is determined through the direct certification process.

If a household submits an application for children who were directly certified, direct certification takes precedence over an application.

Direct Verification

Available October 1st

Conducting Direct Verification is a requirement in the state of Arizona. Direct Verification is not Direct Certification; however, they're located in the same application via the ADE Common Logon, CNP Direct Certification/Direct Verification. Direct Verification can only be conducted during the Verification time frame (Oct. 1 - Nov. 15) and must only be conducted for applications that are part of the Verification sample. Since Verification for Cause can be conducted at any time during the year, including dates that Direct Verification is not available, ADE does not require LEAs to conduct Direct Verification for applications selected to be verified for cause.

Quiz Time

Which of the following is not subject to verification?

- A** A school meal application certified as reduced-price.
- B** A free income application from a household containing two students. On 8/17, one student matched in DC under SNAP and the other student did not match.
- C** A school meal application certified as free based on a case number.

Quiz Time

Which of the following is not subject to verification?

A A school meal application certified as reduced-price.

B A free income application from a household containing two students. On 8/17, one student matched in DC under SNAP and the other student did not match.*

C A school meal application certified as free based on a case number.

When a student is a match in SNAP and/or TANF, all students in the household are directly certified. Even if the household turns in an application, it is not subject to verification.

****This also applies for students in households that were directly certified for free or reduced-price meals using Medicaid match data (DC-M).***

VERIFICATION REVIEW

SECTION 3

**Phase 2:
Calculate &
Select
Applications**

Phase 2: Calculate & Select

PHASE 2 TASKS

- Count the total number of applications on file as of October 1st
- Count and categorize applications by case number, foster, free by income, and reduced by income
- Determine which sampling method your SFA qualifies for based on the Verification Non-Response Rate Report
- Locate the ADE Verification Sample Size Calculator
- Calculate how many applications will need to be verified

Phase 2: Calculate & Select

COUNT YOUR APPLICATIONS

Determine the number of applications on file as of October 1.

Reminders:

- Not all applications are subject to verification. Use ADE's [Verification Counting Sheet](#) to help you identify which applications are subject to verification.
- Only count the applications you received for **the current school year**. Do not count any applications from previous school years.

Phase 2: Calculate & Select

WHAT ABOUT DC MEDICAID?

Since directly certified students are eligible for free or reduced-price meals without an application, they do not need to be verified. This includes students directly certified for DC-Medicaid Free and Reduced (DC-M Free, DC-M Reduced).

The reporting of DC-M Free and Reduced Data in the Verification Summary Report in *CNP Verification Reporting* in ADEConnect will be reviewed in more detail this winter.

Phase 2: Calculate & Select

SAMPLING METHODS

The sampling method is the calculation used to determine how many applications you need to select for verification.

- Always round up at the end of the calculation.
- It is important to verify the exact number of applications the calculation reflects.
- Some sampling methods require you to select from error-prone applications for verification.

Sampling Methods	
STANDARD	Option for all SFAs.
ALTERNATE 1: RANDOM SAMPLING	Only those who qualify for an alternative sampling method can use this method.
ALTERNATE 2: FOCUSED SAMPLING	Only those who qualify for an alternative sampling method can use this method.

Phase 2: Calculate & Select

DETERMINE YOUR SAMPLING METHOD

Use the [Verification Non-Response Rate Report](#) to determine if your SFA qualifies to use an alternative sampling method.

The Verification Non-Response Rate Report is:

- Published every year by ADE
- Based on the previous year's VSR

If you had a low percentage of households who did not respond or changed eligibility during last year's verification process, you qualify for an alternative sample size.

Verification Non-Response Rate Report			
Important: For use in determining the allowability of an alternate sample size for Verification in SY 2023-2024			
Verification Non-Response Rate Report Key			
Sponsors highlighted in COPPER qualify for use of an alternative sample size during the 2023-2024 Verification reporting period.			
Sponsors highlighted in RED DO NOT qualify for use of an alternative sample size due to Verification reporting errors and must use the Standard Sampling Method for 2023-2024 Verification Reporting.			
Remaining Sponsors DO NOT qualify for use of an alternative sample size, due either to Verification reporting errors or to an insufficient response rate, and must use the Standard Sampling Method for 2023-2024 Verification Reporting.

- **COPPER**: SFA names shown in copper may choose from any of the three sampling methods.
- **RED** or **NO HIGHLIGHT**: SFAs with red or no highlight must use the Standard Sampling Method and determine Error-Prone applications.

Phase 2: Calculate & Select

STANDARD SAMPLING METHOD

The Standard Sampling Method must be used if the SFA is operating in its first year or if they do not qualify to use an alternative sampling method.

SFAs using this method must select **3% of the applications** to verify. The selected applications must be from those marked as error-prone.

Error-Prone Applications: The income falls within the error-prone range for income and household size.

- This may have been noted when the applications were initially certified. If they were not previously identified, review all income applications and indicate which ones are error-prone using the [Error-Prone Guidelines](#).

Frequency	Definition
Weekly	Error-prone applications are those applications where income falls between the income eligibility limits and \$23.07 of the income eligibility limits for weekly.
Bi-Weekly	Error-prone applications are those applications where income falls between the income eligibility limits and \$46.15 of the income eligibility limits for every 2 weeks.
2x Month	Error-prone applications are those applications where income falls between the income eligibility limits and \$92.30 of the income eligibility limits for twice per month.
Monthly	Error-prone applications are those applications where income falls between the income eligibility limits and \$138.45 of the income eligibility limits for monthly income.
Annually	Error-prone applications are those applications where income falls between the income eligibility limits and \$1,661.40 of the income eligibility limits for annual income.

Error-Prone Guidelines

Step-by-Step Instruction: How to Identify Household Applications That Are Error-Prone

Phase 2: Calculate & Select

EXAMPLE: STANDARD SAMPLING METHOD

1,100 income applications (62 are error-prone)
+ 72 case number applications
+ 2 foster applications
= 1,174 total applications subject to verification

Total applications x 3%

$1,174 \times .03 = 35.22$ (always round up) - **36 applications to verify**

The SFA in this example will need to randomly select 36 applications out of the 62 error-prone applications on file.

Please note: If there are not enough error-prone applications to meet the requirement, SFAs must verify all error-prone applications and then select additional applications at random to meet the required number

Phase 2: Calculate & Select

ALTERNATE 1: RANDOM SAMPLING METHOD

Only SFAs who qualify to use an alternative sampling method can use the Random Sampling Method.

SFAs using this method must select **3% of the applications** to verify. SFAs must randomly select from all case number, foster, and free/reduced income applications.

- The benefit of this sampling method is that the SFA does not need to identify error-prone applications, but instead is able to select from **all** applications.

Phase 2: Calculate & Select

EXAMPLE: RANDOM SAMPLING METHOD

1,100 income applications (62 are error-prone)

+ 72 case number applications

+ 2 foster applications

= 1,174 total applications subject to verification

Total applications x 3%

$1,174 \times .03 = 35.22$ (always round up) - **36 applications to verify**

Reminder! Error-prone applications do not need to be identified for this sampling method.

This SFA must randomly select 36 applications from all case number, foster, and free/reduced income applications.

Phase 2: Calculate & Select

ALTERNATE 2: FOCUSED SAMPLING METHOD

Only SFAs who qualify to use an alternative sampling method can use the Focused Sampling Method.

SFAs using this method must select **1% of the total applications** (from the error-prone applications) and **0.5% of the case number applications** to verify.

- The benefit of this sampling method is that it reduces the number of total applications the SFA will need to verify.

Phase 2: Calculate & Select

EXAMPLE: FOCUSED SAMPLING METHOD

1,100 income applications (62 are error-prone)

+ 72 case number applications

+ 2 foster applications

= 1,174 total applications subject to verification

Total applications x 1%

$1,174 \times .01 = 11.74$ (always round up) - **12 error-prone applications to verify**

+

Total case number applications x 0.5%

$72 \times .005 = 0.36$ (always round up) - **1 case number application to verify**

12 error-prone applications + 1 case number application = 13 applications to verify

This SFA must randomly select 12 error-prone applications and 1 case number application.

Does the sampling method make a difference?

Using the application counts in the previous examples, let's compare the number of applications needed to be verified in each of the sampling methods.

	CALCULATION	# OF APPS TO VERIFY	NOTES
STANDARD	3% of total applications	36 (chosen from error-prone)	Anyone can use this method
ALTERNATE 1: RANDOM	3% of total applications	36 (chosen from total applications)	SFAs are able to select from all applications and not have to track/identify error-prone.
ALTERNATE 2: FOCUSED	1% of total applications + 0.5% of case number applications	13 applications (12 error-prone and 1 case number)	SFAs are able to select from a smaller sample size of applications; therefore, they will not have to verify as many applications.

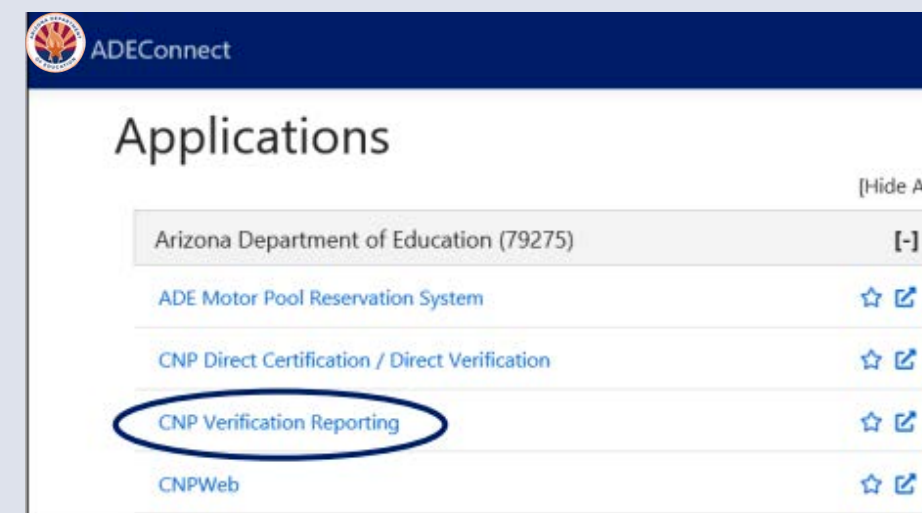

Phase 2: Calculate & Select

VERIFICATION SAMPLE SIZE CALCULATOR

ADE provides a Verification Sample Size Calculator for SFAs to use to calculate the required number of applications to be verified.

It is best practice to use this online calculator for verification to ensure the correct number of applications are being verified.

To access the calculator, the SFA must have permissions to the CNP Verification Reporting application through ADEConnect. Users who do not have access to CNP Verification Reporting must request access from their Entity Administrator.

Phase 2: Calculate & Select

STANDARD SAMPLING METHOD EXAMPLE

Calculator

Total Number of Approved Applications on file as of October 1st:	1174
Total Number of Applications to Verify:	36

In this example, the **Standard Sampling Method** was used. Based on the calculator, the SFA would be required to verify 36 applications and select from error-prone.

Feel free to print the screen for documentation purposes!

Phase 2: Calculate & Select

SELECT APPLICATIONS

z

The last step in Phase 2 is to randomly select the correct number of applications as indicated by the Verification Sample Size Calculator.

- Remember to select from error-prone if you chose **Standard Sampling** or **Alternate 2!**

Once you have selected the applications, you are ready to move on to Phase 3!

VERIFICATION REVIEW

Phase 3: Verify

STEP 1: CONFIRMATION REVIEW

A school official who did not make the original eligibility decision (known as the Confirming Official) will review the applications and confirm that the correct eligibility was assigned when the application was initially certified.

The confirmation review can be completed when the application is initially certified for eligibility, or it can be done during the time of verification.

Refer to the Verification Tracking Form for guidance on what to do when the initial eligibility determination is incorrect.

Phase 3: Verify

RESULTS OF THE CONFIRMATION REVIEW

If the original determination is confirmed: No change in benefits, move on to Step 2.

If the original determination changed the benefits: Refer to the Verification Tracking Form for next steps.

Be sure the Confirming Official signs and dates the household application after it is reviewed.

Phase 3: Verify

STEP 2: CONDUCT DIRECT VERIFICATION

Direct verification (DV) is a process used to verify income and/or participation in assistance programs by directly obtaining documentation from the appropriate state or local agency.

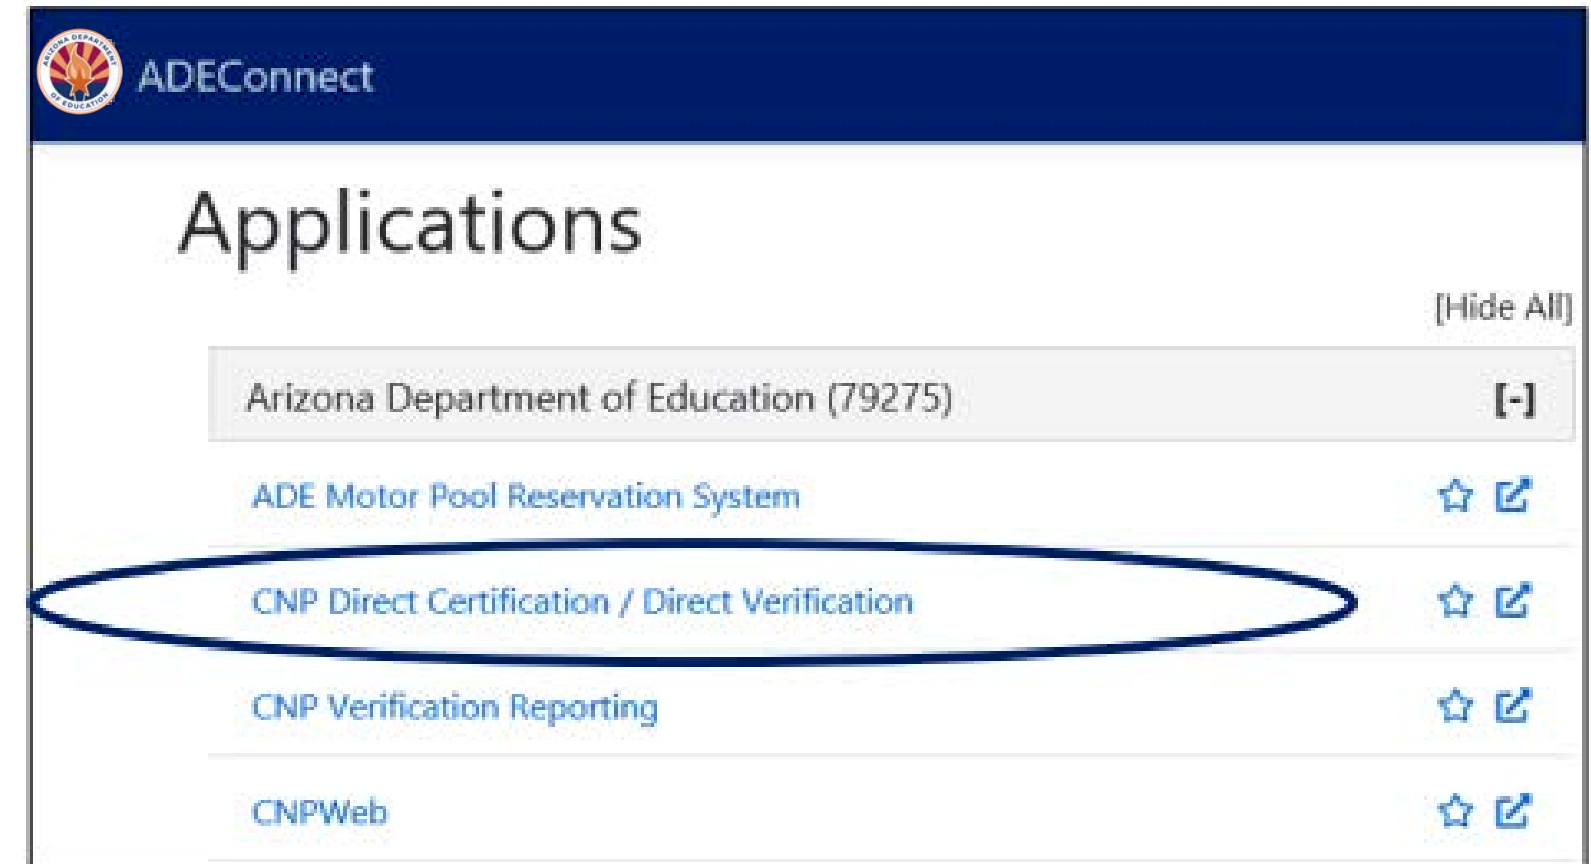

In Arizona, DV is conducted via ADEConnect in the CNP Direct Certification/Direct Verification application.

Phase 3: Verify

CNP DIRECT CERTIFICATION/DIRECT VERIFICATION

To conduct direct verification you will need permissions to CNP Direct Certification/Direct Verification in ADEConnect.

If CNP Direct Certification / Direct Verification is not a listed application in ADEConnect, you will need to request access from your Entity Administrator.

Phase 3: Verify

ACCESSING THE SYSTEM

After successfully logging in to the CNP Direct Certification / Direct Verification System, a screen with a Family Educational Rights and Privacy Act (FERPA) statement will load. The statement must be read, understood, and acknowledged to advance in the system by selecting "I AGREE/CONTINUE."

After the FERPA statement has been acknowledged, you will then be brought to a new screen where you must select CNP Direct Verification by clicking "Proceed to Direct Verification."

The screenshot shows the top of the application with the Arizona Department of Education logo and the title "CNP Direct Certification & Direct Verification". The user is logged in as "Rhodes, Maddie". Below the header, there is a "Welcome" message and an "ATTENTION:" section with a FERPA statement. The statement reads: "Direct Certification and Direct Verification search functions may be used ONLY for certifying or verifying Eligibility of students enrolled or seeking enrollment within the District or School requesting the information. Information provided by this application includes student personal information protected by FERPA and may not be used for any purpose other than as stated above. USE OF THE CNP DIRECT CERTIFICATION / DIRECT VERIFICATION APPLICATION MAY BE MONITORED TO ENSURE COMPLIANCE." Below this is an "Acknowledgement:" section where the user has checked a box to acknowledge compliance. At the bottom, there are two buttons: "I AGREE / CONTINUE" (green) and "I DO NOT AGREE / Exit" (red). A "Modify" link is also present. The footer includes "Acceptable Use Policy", "Copyright © 2017 Arizona Department of Education . All rights reserved.", and a "Contact ADE Support" button with social media icons.

The screenshot shows the same application header and user information. Below the header, there are two main panels. The left panel is titled "Direct Certification" and contains text explaining the process: "Direct Certification means determining which children are eligible for free meal benefits based on documentation obtained directly from the appropriate State or local agency. All Child Nutrition Program School Food Authorities (SFAs)* are required to run a Direct Certification report at least three times per school year using CNP Direct Certification: At or around the beginning of the school year (July 1), three months after the initial effort, and six months after the initial effort. No application is necessary if eligibility is determined through the direct certification process. If a household submits an application for children who were directly certified, direct certification takes precedence over an application." Below this text is a "Proceed to Direct Certification >>>" button. The right panel is titled "Direct Verification" and contains text: "Available October 1st. Conducting Direct Verification is a requirement in the state of Arizona. Direct Verification is not Direct Certification; however, they're located in the same application via the ADE Common Logon, CNP Direct Certification/Direct Verification. Direct Verification can only be conducted during the Verification time frame (Oct. 1- Nov. 15) and must only be conducted for applications that are part of the Verification sample. Since Verification for Cause can be conducted at any time during the year, including dates that Direct Verification is not available, ADE does not require LEAs to conduct Direct Verification for applications selected to be verified for cause." Below this text is a "Proceed to Direct Verification >>>" button. A large red arrow points to this button. The footer is identical to the previous screenshot.

Phase 3: Verify

DIRECT VERIFICATION VS DIRECT CERTIFICATION

Direct Verification (DV) is very similar to DC, except for a few differences:

- Only available during verification time
- Only search students who were selected for verification
- Searches using an additional data source: Medical Assistance (MA)

You can use Individual Student Lookup or File Upload to conduct DV

- Case number search
- State Student ID search
- Standard format search (first name, last name, date of birth)

Notify the household that their application was selected for verification and request income documentation.

Phase 3: Verify

STEP 3: CONTACT THE HOUSEHOLD

ADE's [Notification of Verification Letter School Meals](#) template can be used to notify the households.

The letter must include the date by which a response is due.

- The due date is your decision; however, you should allow the household sufficient time to respond to the request, allow yourself sufficient time to do at least one follow-up and complete verification for the household by November 15th.

WE MUST CHECK YOUR SCHOOL MEALS APPLICATION

School: [School Name]

Date: [Date]

Dear [Name],

The United States Department of Agriculture (USDA) is allowing our school to operate the Seamless Summer Option (SSO) during School Year 2021-2022 (SY 21-22) due to the COVID-19 pandemic, meaning all students will receive meals at no cost regardless of their meal benefit eligibility status.

Schools are required to verify the accuracy of applications that were submitted. You must submit the eligibility documentation outlined below, or contact [Name] by [Date]. Without this documentation, your child(ren) will no longer have a free or reduced-price meal benefit eligibility status for SY 21-22 and may lose benefits from other programs including but not limited to your child(ren)'s meal benefit eligibility status for the first 30 days of SY 22-23, Pandemic Electronic Benefit Transfer (P-EBT), free or discounted fees to participate in most sports, reduced registration fees for AP, SAT, and/or ACT tests, discounted rates on fees associated with applying for college, and discounted rates on internet services. If you choose not to respond, your child(ren) will no longer have a free or reduced-price meal benefit eligibility status.

We are checking the Free and Reduced-Price School Meals Application for: [Name(s) of child(ren)].

Return this form and the documentation listed below to: [Address]

1. If anyone in your household receives SNAP, TANF, or FDIPIR:

Do not send your EBT card. Provide one of the following:

- SNAP or TANF or FDIPIR Certification Notice that shows dates of completion
- Letter from SNAP or TANF or FDIPIR office that shows dates of certification

2. If the child meets the definition of homeless, migrant, or runaway:

Please contact [School homeless liaison, head start or migrant coordinator] for assistance.

3. If the child is a foster child under the legal responsibility of a foster care agency or court:

Provide written documentation that verifies the child is the legal responsibility of the agency or court or provide the name and contact information for a person at the agency or court who can verify that the child is a foster child.

4. If no one in the household receives SNAP or TANF or FDIPIR benefits:

Provide documentation showing the total income and source(s) of income received by all members of the household. The documentation must show the name of the person who received the income, the date it was received, how much was received, and how often it was received.

Phase 3: Verify

A NOTE ON GETTING FAMILIES TO RESPOND

ADE understands the difficulty in getting families to respond to verification requests, or even submitting household applications at all.

We recommend encouraging the families to respond because “it’s more than a meal application!”

SFAs are welcome to use this flyer to send to families to encourage the submission of household applications and response to verification.

It's More Than a Meal Application!

The information collected on meal applications for the National School Lunch Program (NSLP) can do more than just provide free and reduced-price meals.

This flyer is available [here](#).

Phase 3: Verify

STEP 3: CONTACT THE HOUSEHOLD

Document the date the letter was sent and the due date on the Verification Tracking Form.

If a household does not respond by the given due date, you must complete at least one follow-up.

- This can be done by sending a second letter, sending an email or calling the household.

Make sure the date that the second follow-up was conducted is documented and a due date for the household to respond by is included.

STEP 3: CONTACT THE HOUSEHOLD

When the household provides you with documentation, the list of Sources of Acceptable Income Documentation can assist with determining if the documentation provided can be accepted.

This list is available in [English](#) and [Spanish](#).

Sources of Acceptable Income Documentation
This chart contains suggestions of sources of acceptable income documentation. This list is not exclusive and additional sources may be requested.

Types of Income	Suggested Sources of Acceptable Written Evidence
Earnings: (wages and salary): Total or gross earnings before withholding FICA, taxes, or other deductions, such as insurance. If the applicant is a self-employed businessperson or farmer, net income should be used. (NOTE: Many of the assets of self-employed business persons are on paper and their cash or net worth is often very low, although they may hold considerable property and equipment [assets]. They should report only their actual cash income, not assets.)	<ul style="list-style-type: none"> A current paycheck stub Pay envelopes showing total gross pay Letter from employer stating gross wages Self-Employed: <ul style="list-style-type: none"> Business or farming documents, such as ledger books Last quarterly tax estimate Last year's tax return
Cash Income: Some persons who work in situations where the employer does not want to be responsible for withholdings, such as domestic workers, casual laborers or persons working for an individual or small business on an irregular basis, may receive wages in the form of cash.	<ul style="list-style-type: none"> A letter from the employer stating wages paid and frequency
FDPIR: In Arizona, the Food Distribution Program in Indian Reservations (FDPIR) is administered by Indian Tribal Organizations (ITOs) serving one or two of Arizona's tribes. To participate in FDPIR, the applicant must be approved by the ITO they have been approved.	

Fuentes Aceptables de Documentación de Ingresos
La siguiente lista contiene sugerencias de fuentes aceptables de documentación de ingresos. Esta lista no es exclusiva y fuentes adicionales pueden ser solicitadas.

Tipos de Ingresos	Fuentes Sugeridas de Evidencia Escrita Aceptable
Ingresos: (sueldos y salarios): ingresos totales o brutos antes de la retención FICA, impuestos o otras deducciones, como el seguro. Si el solicitante es un trabajador por cuenta propia o granjero, se debe usar el ingreso neto. (NOTA: Muchos de los bienes de las personas de negocios propios están en papel y en efectivo o el valor neto a menudo es muy bajo, aunque puedan tener un valor considerable en propiedad y equipo [bienes]. Deben de informar solo el ingreso efectivo real, no los bienes.)	<ul style="list-style-type: none"> Un talón de cheque actual Sobres de pago que muestren el salario bruto total Carta del empleador declarando los salarios brutos Trabajadores por cuenta propia: <ul style="list-style-type: none"> Documentos de negocio o granjero, como libros de cuentas Estimación fiscal trimestral pasada Declaración de impuestos del año pasado
Ingresos en efectivo: algunas personas que trabajan en situaciones donde el empleador no quiere ser responsable de las retenciones, como las empleadas domésticas, trabajadores ocasionales o personas que trabajan para una empresa individual o pequeña en bases irregulares, puede recibir salarios en efectivo.	<ul style="list-style-type: none"> Una carta del empleador indicando los salarios pagados y la frecuencia
FDPIR: en Arizona, el programa de Distribución de Alimentos en las Reservas de Indios Nativos (FDPIR) es administrado por las organizaciones tribales de Indios Nativos (ITO). Existen siete ITO en Arizona, cada uno de los cuales sirve a uno o dos de los nueve indios nativos de Arizona tribus. Una vez aprobada la elegibilidad de un hogar para participar en FDPIR, la ITO apropiado proporciona a ese hogar una carta que indique que han sido aprobado.	<ul style="list-style-type: none"> Una carta de aprobación FDPIR o certificación carta

 - Your income is over the limit for free or reduced-price meals.
 - You did not provide: _____

If you were denied benefits because no one in the household received SNAP, TANF or FDIIR benefits, you may reapply based on income eligibility. If you did not provide proof of current eligibility, you will be asked to do so if you reapply.

If you disagree with this decision, you may discuss it with [Name] at [Phone]. You also have the right to a fair hearing. If you request a hearing by [Date], your child(ren) will continue to be identified as their original eligibility classification until the decision of the hearing official is made. You may request a hearing by contacting: [Name of hearing official], [Address], [Phone], or [E-mail].
