

## FY26 EHCY Grant Award Funding Formula

The formula below can be used to calculate the *maximum* amount of funding an applicant may be eligible to be awarded. Awards are dependent on the quality of the grant application and the amount that the USDE awards ADE to subgrant to LEAs.

<b>Funding Formula</b>	<b>(Division Allocation) + (F/R% Tier) + (Homeless % Tier) = Allocation Award</b>
<b>Base Allocation</b>	<p style="background-color: yellow; display: inline-block; padding: 2px;"><b>Base Allocation = \$12,000</b></p> <p>The base allocation amount is also used to determine incremental changes below.</p>
